Gaines, The former is president of important post, because his well-known conservatism is a guarantee that while the foreign policy of the McKinley administration will be firm and strongly American, it will not be tinged with the disturbing element of jingoism—it will maintain the rights of Americans at home, but it will not get up war scares for political effect, which disarrange all branches of business and add to the timidity of capital The corner stone of the McKinley administration will be confidence, and no one thing could have made that plainer to the country than the choice of Senator Sherman to be Secretary of State. Mr herman to be Secretary of State. Mr Sherman's resignation as Senator will not take effect until the close of this session of Congre-s, as he is deeply in-terested in matters which may be legislated upon by this Congress. Besides. it would not be good policy to have a vacancy in the Chairmanship of the Committee on Foreign Relations at this time, as there is no certainty that the Senate, as at present composed would allow the republicans to name

A NEW TARRIFF BILL.

The republican members of the House Ways and Means Committee are making progress on the new tarriff bill but it is not probable that the bill can be completed before about the first of April, even with the most diligent.

Prof. Hamilton Hatter spent the holidays at Harpers Ferry, West, Va. The large number of our people who spent the Christmas at their various homes out of the city, have returned. Your first impulse now is to give up and sit down in despair amid the wrecks of your hopes. But you dare not do it. You are in the line of battle, and the crisis is at hand. To falter a moment would be to imperil some holy interest. Other lives would be harmed by your pausing. Holy interests would suffer should your hands be folded. You must not linger even to indulge your grief. Sorrows are but incidents in life and must not interrupt us. We must leave them behind, while we press on to the things that are before. Then God has so ordered, too, that in pressing on in duty we shall find the truest, richest comfort for ourselves. Sitting down to brood over our sorrows, the darkness deepens about us and creeps to weakness. But, if we turn away from the gloom and take up the tasks and duties to which God calls us, the light will come again, and we shall give with the pro Sorrow came to you yesterday and emptied your home. Twenty-live years practice—seven in Brooklyn—will show you that he can do all that he can tell of. Can tell what business is best for you and where, how to win speedy marriage with the one you love. How to be successful in all your doings in short what is best to do. He succeeds when all others fall. Positive satisfaction or no pay. Call and see. You will find it lucky to consult this Christian gentleman. He has a medicine that will cure drunkenness, can be given patients not knowing it. Thousands through him are York River Line, WEST POINT

with all their undertakings, while those who neglect his advice are still laboring against poverty. Through his perfect knowledge of chemistry, he can impart to you a secret that will overcome your enemies and win you friends. His ald and advice has often been so-licited; the result has always been the securing of speedy and happy marriages and all your wisnes. In love aliairs he never fails. He has the secret of winning the affections of the opposite sex. It is the curse of Spiritualism that in all large cities there are a class of men sud women who claim powers they do not possess. They have neither gifts, credentials, nor references. Surely the colored people are not so wanting in sense as to throw their time and money away on such. Dr. Shea refers to the Hon. William Denmore, Architect and builder, 54 Fulveland Ave, and Mr. Fred. Lampe, grocer, 54 Fulton Street, Brooklyn. All have Enown him for the past seven years. He gives a free test of his power to all. The doctor has practiced five years in New Orleans, 8t. Louis, Memphis and Louisvillie; understands thoroughly the diseases, spells or influences the race is subject to. He is now and always had a large patronage from them.

Brooklyh, Aug. 18, 1891. This is to certify that I came to New York from Albany. I was a stranger in a strange city, out of work and out of money. I had no luck in anything I undertook. What to do I did not know. A friend advised me to go and see Dr. Shea. I did. He told me the cause of my troubles; he took me in and treated rue as a brother. Through him I got a good position that very week. I had been to others; they took any money and did me no good. I bless the day I first met Dr. Shea. I would advise all in Bud luck, sick or in trouble to go to him at once. Sincerely,

Brooklyn, Aug. 15, 1891. This letter is to certify that my husband had gone away and had been absent two years, I mourned for him night and day. I gave him up, as dead. Hearing of the wonderful things Dr. Shea was doing I resolved to consuit him. He told me that my husband was alive and well, and where he was; told me he would come home and when. To my joy all of it came true. He is home now, came back like one from the dead. I also wish to say that this month I lost \$250. I am a poor woman and I was almost insane. I went to Dr. Shea and he told me I would find my money and to my intense joy I did find it as he told me. I thank God there is a man so gifted in our midst that can help people and teit them what to do.

Sincerely, Mrs. Barrett, A SENSATION IN BROOKLYN.-A MINISTER'S STATEMENT.
